Lewes, East Sussex, BN7 2QB

4th April 2018

Dear Richard

RE: Roof Project

Hope you are well and relaxed now that the roof work carried out at the school is complete.

It is so nice to have a water tight building and would like to thank you and all your employees who were involved. The quality of the work is something to be very proud of and the attention to detail of the schools requirements was excellent. The school operated during the works with little disruption which was due to the communication at all levels that took place prior to commencement and during the work.

Health & safety is very important in our environment and I would also like to congratulate you on your company for ensuring this was taken care of at all times and this ensured that the project was completed on time and within budget.

Once again thank you and we look forward to working with you in the future.

Yours sincerely,

Nigel Duckworth
Premises Manager, H&S Coordinator
